# Latta To Introduce Bill For Engineering College

Ohio Senator Delbert Latta announced Wednesday that he would introduce a bill to the Ohio State Legislature this week for the establishment of a College of Engineering at the University.

Sen. Latta emphasized the following points in his introduction and in the bill. The only way in which the need for additional training of engineers in Northwest Ohio can be met satisfactorily is to include a college of engineering in the program of this University.

The increasing importance of engineering and the increasing interest in this field of study point toward engineering as the choice of 20 per cent or more of all undergraduate men students in the future. The large enrollment of men students at Bowling Green

would face a serious gap in their educational opportunities without an engineering college.

## Half The Students

Almost half the full-time students who attend colleges and universities of Northwest Ohio enroll in this University. A large number of these students would like to study engineering and the state and nation would profit tremendously if they had the opportunity to do so.

This past fall, Bowling Green State University, without a college of engineering, enrolled almost seven per cent of its freshmen in a pre-engineering curriculum that included requirements in engineering drawing, chemistry, and mathematics.

Nationally, 16.7 per cent of all first-time male enrollments in colleges were in engineering in 1954. The comparably large percentage of present Bowling Green

students, who indicated by their enrollment in pre-engineering that they have interest in this field, would seem to forecast that a comparably larger number of high school graduates entering Bowling Green each year will select engineering if a college of engineering is available on the campus.

## Need For Engineering

The need for engineering education is especially acute in Northwest Ohio. This area has already become one of the great industrial production regions of the United States and is forging ahead at a greater rate than ever before. Practically all of the major industries of Northwest Ohio require a high level of engineering and technical competence—much more so than the basic industries in many sections of the country. For this reason the shortage of qualified engineers is grow-

ing increasingly more serious in this region.

Sen. Latta also emphasized that the need for engineers will increase both nationally and in Ohio, and the establishment of a school of engineering at Bowling Green will help meet the need and help to decrease the deficit in numbers of technically prepared persons.

Another point that Sen. Latta brought out was that the addition of a college of engineering in the educational program of the University will be relatively simple and can be readily achieved over a period of three or four years.

## Reasons For College

The reasons for this are that the facilities for the teaching of the nonspecialized science required during the first years of an engineering program are already available at the University.

Also, the largest concentration

of dormitories to house male students is at Bowling Green.

The courses in social sciences and humanities that are a part of every engineers' program are already offered by the University.

## Location Important

The establishment of a college of engineering will, by its location, make engineering a positive attraction to a greater number of that large group of students who live near by.

There will be a large number of the full-time men students at Bowling Green, who will be better served and who in turn can give better service to the state by having the opportunity to study engineering.

These are the points that the Senator is expected to bring out in seeking passage of the bill by the Ohio Legislature.

Sen. Latta is also an attorney practicing law in Bowling Green

and McComb. He is a member of several committees of the Ohio Legislature including the Committee on Education, and the Committee on Finance. He is chairman of the Committee on Code Revision.

## Complete Program

Pres. Ralph W. McDonald stated that the addition of a college of engineering would round out the educational opportunities for students attending the University, since the great bulk of undergraduate enrollment in colleges and universities is in the four major kinds of undergraduate colleges the University would then have—liberal arts, education, business administration, and engineering. He said such a college would have tremendous advantages for the development of this whole region, since the shortage of engineers is extremely critical in our area with its vast industrial development.

## AWS, ODK Sponsor First International Party

The Legislative Board of the Association of Women Students will hold an International Party for foreign students and members of the board and ODK Sunday, Feb. 17, at 2 p.m. in Studio B of the Practical Arts Bldg.

Legislative Board members and ODK members have contacted the foreign students and each has adopted one of them as a "little sister" or "little brother."

Janet Fenwick and Ann James will lead mixers after which refreshments will be served.

June Fritsch and Janet Dick are co-chairmen of the event. Chairman of the food committee is Mary Trill, assisted by Phyllis Brobst, Arlene Daugherty, and Joan Linderman.

## Proposal Passed

At its last meeting of the first semester, Legislative Board passed a proposal "to extend lights out for freshman women to an indefinite time for study purposes only at the discretion of each hall." The proposal is on a nine-week trial period. After that time, if it has worked satisfactorily, the proposal will be in effect on a more permanent basis. It went into effect at the beginning of second semester.

## Previous Rule

Before this time, freshman women were required by AWS regulations to have lights out at 11 p.m. They could, however, receive special study lates from their head residents to study in the study room. The Board felt that the physical features of the rooms in Founders Quadrangle were improved so that studying after hours in the rooms could be done without one occupant disturbing her roommate. Anyone not obtaining a special study permission will observe regular lights out.

The Board passed a similar proposal for upperclassmen last year.

## Three Found Guilty At Last Court Meet

Three students appeared before Chief Justice Fred Ashley in Student Court Monday, Feb. 11, and were found guilty of parking violations.

Tom McIntire and Russell Mehle were found guilty of first offenses and each paid fines of \$1. Charles McBee was found guilty of his second offense and was fined \$3.

Chief Justice Ashley found six students not guilty. They were Willard Green, William Jones, Marvin Koppenhofer, Don Krieger, Clifton Rolfe, Stanley Trupo.

## Final Dates Announced

Any student who has not been inoculated with the Salk polio vaccine may still receive an injection between 6 and 9 p.m. on any night from Feb. 18 through Feb. 26, stated Virgil H. Taylor, business manager of the Health Service.

These six nights are the last times the first series of injections will be given. Students may phone the Health Service today between 9 a.m. and 5 p.m. for an appointment to be inoculated on one of these nights.

## Bank Executive To Speak Here

James Dawson, vice president and economist for the National City Bank of Cleveland, will be the main speaker at the sixth annual meeting of the Credit Association of Northwestern Ohio, to be held at the University, Feb. 19.

Dawson, who is responsible for keeping the bank's officers and directors informed on present and prospective economic developments, will discuss "A Crystal Ball Look at Business."

Before taking a job at the Cleveland bank, he was financial economist of the Federal Reserve Bank of Cleveland; and was a member of the faculty of the Wharton School of Finance and Commerce of the University of Pennsylvania.

He received his B.A. degree from Wooster College and his Master of Business Administration Degree from the Wharton School of Finance and Commerce.

The Association meeting will start with a dinner at 6 p.m. at the First Methodist Church. Music will be under the direction of Dr. James Paul Kennedy, director of choral music at the University.

At 8:45 p.m., members will go to the University Natatorium for an aquatic show presented by members of Swan Club. This show is arranged and directed by Miss Iris Andrews, assistant professor of health and physical education.

Students, faculty members, and the public are invited. Dinner reservations must be made with Lewis F. Manhart, professor of business administration, no later than Saturday noon, Feb. 16.

## Music Profs To Give Joint Recital Sunday

Joseph Himmel, baritone, and Helen Lakofsky, pianist, will present a song recital Sunday, February 17, at 8:15 p.m., in the auditorium of the Practical Arts building.

The first group of works will be selected arias from sacred cantatas by J. S. Bach. In this group, Gerald McLaughlin, violinist of the University music staff, will assist. Other groups will include songs by Hugo Wolf, Claude Debussy, and the cycle, "Songs and Dances of Death" by Modest Moussorgsky.

## Ocvirk Wins Award

Otto G. Ocvirk, assistant professor of art, won honorable mention for his print "And they began to speak with diverse tongues" at the Wichita, Kans., Annual Graphic Arts and Drawing Show.

## Northwestern U. Prof To Speak On Freedom, Government Aid

Dr. Ray Allen Billington, professor of history at Northwestern University, will present two public lectures at the University next week.

The first, on the topic "Federal Aid to the Arts? A WPA Experience," will be presented at 8 p.m. Monday, Feb. 18, in the recreation hall.

The second lecture will be on the topic of "Intellectual Freedom in English and American Universities."

and "The Far Western Frontier, 1830-1860" published in 1956.

He earned his Ph.D. degree at Harvard and taught at Clark University and at Smith College before going to Northwestern University in 1944. His official title at Northwestern since 1949 has been William Smith Mason Professor of History.

In 1953-54 he served as Harold Vyvyan Harmsworth Professor of History at the University of Oxford, England. In the spring of 1954 he taught at the Salzburg Seminar of American Studies in Austria.

Both lectures are open to all interested persons, without admission charge. The lectures are being sponsored by the Social Studies Divisional Council of the University.

## Group Offers Tax Help

The local chapter of Beta Alpha Phi, national accounting honorary, is offering help to students in preparing income tax returns.

To obtain help, a student must bring his withholding statements to 400 Administration Bldg. on Wednesday, Feb. 20, between 3:30 p.m. and 5:30 p.m. There is no charge for the service.

## President Announces Completion Of Plans For Men's Residence Center

### 338 Women Sign Up For Rush; Master Plan Begins Today

Sorority rushing will begin today with the master plan from 4 to 5 p.m. and 6:30 to 9 p.m. and will continue from 1 p.m. to 4 p.m. tomorrow. The total number of girls who sign up for rushing will be divided into 11 groups, and during the course of the master plan each girl will be able to visit all of the 11 campus sororities.

Approximately 338 women signed up to go through rushing, 18 of whom are upperclassmen. Last year 312 women signed up to go through rushing.

## Open House Invitations

Invitations for the series of open houses will be issued from 9 a.m. until noon Monday, Feb. 18, through Wednesday, Feb. 20, in the dean of women's office. Rushes may pick up their invitations and leave their replies at this time.

Open house will be held from 4-5 p.m., and from 7-8 and 8-9 p.m. Monday through Wednesday. Rushes may attend by invitation only and may visit each house only twice during the open house period, in addition to the master plan visit. School clothes will be worn for the open houses.

"Rushes should visit as many houses as they are able in order to become better acquainted with as many sorority women as possible," said Arlene Daugherty, president of Panhellenic Council.

Members of Panhellenic will distribute the open house invitations in the Dean's office.

## Party Schedule

The first parties on the schedule are Friday, Feb. 22 and Saturday, Feb. 23. The second set of parties will be given Friday, Mar. 1 and Saturday, Mar. 2. The last set, or the formal deserts, are scheduled for Tuesday, Wednesday, and Thursday, Mar. 5, 6, and 7.

The rushes will sign their preferences Friday morning, Mar. 8. Bids will then be delivered about 5 p.m. Saturday, Mar. 9.

Ann Yunger is in charge of arrangements for the Master Plan.

## HPE Faculty Attend Springfield Convo

Four members of the women's division of the health and physical education department are attending a convention at Springfield, Feb. 14-16. The convention, sponsored by the Ohio Association for Health, Physical Education and Recreation, has the theme "Our Professional Family in Action."

Faculty members are Dr. Agnes Hooley, Dr. Mary Watt, Miss Mary Whitney, and Miss Gertrude Eppler. Dr. Watt will act as moderator of a panel discussing the topic "Should there be separate certification for male coaches?"

Miss Whitney is a member of the legislative board of the organization.

Preliminary plans have been completed for the new residence center for men, which will include Fraternity Row, according to Pres. Ralph W. McDonald. Estimated cost of the new center is \$2,350,000 to be financed through the sale of bonds.

The architects, Sims, Cornelius, and Schooley, are now

## Tickets On Sale For 3rd Major Play

Tickets for the next major production of the University Theatre, "Picnic," are now on sale in the box office at Gate Theatre.

The box office is open from 10:30 a.m. to noon, and 2 p.m. to 4 p.m., Monday through Friday.

Tickets for faculty members and employees cost \$1. Special membership tickets good for four admissions to any of the University Theatre's major production may be used.

Production dates are Friday and Saturday, Feb. 22 and 23, at 8:15 p.m. with a matinee Sunday, Feb. 24, at 2:15 p.m. All performances will be given in the main auditorium.

"Picnic" is the winner of the Pulitzer Prize and the Critic's Circle Award and was one of the high spots of recent Broadway seasons. It was also a current movie success.

Members of the cast are: Virginia Johnson, Lewis Bove, Pat Bobincheck, Jacquelyn Reaver, George Dunster, Don Phinney, Marian Craig, Frank Toth, Julia Kaufman, Phyllis O'Reilly, Christine Schoenwalder, and Judith Finkel.

Stephanie Gildehaus and Jerald Banninga will be assistant directors for the production. Gordon E. Beck is the director.

## BG Plays Host To Science Meet

The Ohio Academy of Science will hold its annual meeting at the University April 18-20, according to Dr. John R. Coash, chairman of the geology department who is general chairman of the local committee in charge of arrangements.

Each science department of the University will be represented on this committee. The representatives and their respective departments are: Dr. Jacob Verduin, Dr. Frank G. Meserve, and Dr. Everett C. Myers, biology; Dr. Willard E. Singer, physics; Dr. Averill J. Hammer, chemistry; Dr. C. Glenn Swanson, sociology; Dr. Lowry B. Karnes, geography; Dr. Milford S. Lougheed, geology; and Mr. Walter R. Hobbs, Jr., science education.

The annual meetings of the Academy are held at Ohio colleges. The University invited the Academy to meet here this year.

The visiting members will be housed in Founders Quadrangle and will meet in various rooms on the campus, said Dr. Coash.

Principal meeting of the Academy will take place Friday, April 19. Robert M. Geist, president of the Ohio Academy of Science will deliver the address at a banquet following this meeting.

proceeding with the working drawings. Dr. McDonald stated that the University hopes to let the contract on the construction by June of this year with hopes that the first buildings will be ready for occupancy by September, 1958.

The new center will accommodate 712 men. There will be ten fraternities housed in the units. Choice of houses in the unit will be determined by the date of each chapter's founding on this campus.

## Living Room

Each unit in the buildings will contain a 20 by 50 foot living room and library, housemother's living quarters, a dining room seating 80 persons, a recreation room which can also be used for dining purposes during big events, a powder room for girls, and kitchen facilities. The fraternity unit will also have an office on the ground floor. The sleeping room facilities will be located on the two upper floors of the units. There will be six rooms on each side of the center hallway on each floor accommodating 2 men each with a total capacity of 48 men.

In the sleeping rooms will be individual dressers, walk-in closets, desks, and single beds. These will be movable. Each man will have a side of the room to himself.

The President stated that the progress on these buildings had been slowed down due to the rising rates of interest. However, he said, that plans have now been worked out so that the buildings could be constructed without raising the room rates to the individual student.

## Rates Not Raised

Dr. McDonald stated that present room rates are expected to continue into the future. The only thing that could possibly require an increase anytime in the future of these buildings would be a substantial rise in operating costs, since most of the room rent money now collected from students goes to pay principal and interest for the construction cost of the buildings. Since the buildings are financed on a forty-year basis, this means that the principal and interest charges will remain constant over this period of years, thus stabilizing room rents. It is the policy of the University that room rents in residences occupied by fraternity and sorority members shall be exactly the same as room rents in other University residence halls.

## Another Dormitory

The new residence center also includes a separate dormitory for 232 men in conjunction with the fraternity units. It is anticipated that as the fraternities grow to 70 or more active members, the members who are not able to find housing in the fraternity units will be able to live close to the fraternity to which they belong.

These residence halls are part of Master Plan which was announced by the President last November.

## Editorially Speaking

### "An Unfinished Job"

The following essay, "An Unfinished Job," by the well-known statesman, Benard M. Baruch, is being published by the B-G News in the interest of Brotherhood Week, Feb. 17-24, sponsored by the National Conference of Christians and Jews.

"The forces of organized bigotry are being routed in America. Steadily and surely, in education, employment, housing and in all human relations, discrimination is waning. Much remains to be done, to be sure, and Brotherhood Week is a reminder to us that the task is still incomplete.

To discriminate against a man because of race, color, creed or national origin is antithetical to democracy and dangerous to America. In this time of democracy's testing, we must proclaim our faith in it and live closely by its principles. In these days of danger to America we can permit nothing to undermine the unity which is so essential to our safety. Nothing is so destructive of unity than the hate, discord, suspicion and bitterness which prejudice breeds.

There can be no second class citizens in America. As we expect each man, black and white, Jew and Christian, native and foreign born to bear the responsibilities of citizenship, so we demand that each share in its rights and privileges and we seek that all shall live in mutual respect, understanding and friendship.

The time will come, and soon I hope, when Brotherhood Week will be a reminder, not of the presence of discrimination in our midst, but of its eradication. Until that time, we must, each of us, work to break down its barriers, fight bigotry wherever we find it and cleanse our hearts and blind animosity against our fellows."

## CSA Set Up To Create Policies In Accord With Student Sentiment

This article is the third in a series designed to promote student interest in campus activities.

In order to better understand student sentiment, and then try to create policies in accordance with these feelings, the University faculty Board of Trustees established a body known as the Council on Student Affairs on June 5, 1953. The first meeting of the newly formed Council was held on Sept. 1 of that year.

With its creation, the Council became the highest student-faculty policy-making committee at the University. It is interesting to note that none of the Council's numerous recommendations have ever been reversed by the President who has the power of veto granted him under the University charter.

It was the belief of the formers of the Council that student feeling and expression were best reflected by students in high leadership positions. The Council thus is composed of such students, plus a faculty member from each of the three undergraduate colleges.

The main functions of the Council are to study, discuss, and recommend policies concerning the program of student affairs. The Council also aids the President of the University in the establishment of University policies through study, discussions, and recommendations.

Activities studied by the Council encompass many areas. Studies already completed include car rules, use of activity fee money, the University social program, the Student Senate, now defunct and replaced by the Charity, Spirit and Traditions, and Elections committees, and student seating at football games.

The Council is now in the process of sponsoring a series of Clumein sessions, which will enable the group to gain further insight into the problems of the various voluntary student organizations. The sessions, attended by all group presidents, have thus far uncovered many existing problems and have also brought forth much constructive criticism.

In accordance with a recent directive from the President, the Council will soon undertake a study as to the establishment of

## Fan Asks For Better Seating

Dear Editor,

Being an ardent sports fan, I have attended most of Bee Gee's football and basketball games. But I have become profoundly provoked about the administration's attitude towards the student followers.

Almost all of the Falcon supporters are students, and yet they are given very little consideration and we are treated with no reverence. During the football season, it was the student who suffered until the make-shift stand was built and not those few hundred that paid a little extra. And now, at the basketball game, the students are put in the remote corners of the "balcony" or else at either end of the court where they have an excellent view of the pipes holding up the backboard. Maybe this could be one of the reasons for the ebbing school spirit.

Sincerely yours,  
Larry Shotwell

## Photo Group Sponsors Annual Picture Contest

The Twelfth Annual International Collegiate Photography Competition has been announced by Kappa Alpha Mu, national photo-journalism fraternity.

The contest, sponsored by KAM, the National Press Photographers Association, Encyclopaedia Britannica, and the Association of College Unions, closes April 5.

Pictures will be judged in the following classifications: news feature, sports, pictorial, portraiture, character, picture series or sequence and picture portfolio.

The photographer presenting the best picture portfolio shall win an expense-paid week in New York as a guest of Life Magazine, and a set of the Encyclopaedia Britannica.

Winners in each of the other divisions will receive a set of Encyclopaedias.

Any person regularly enrolled in a college or university is eligible. Rules and entry forms may be obtained by writing Vi Edom, National KAM secretary, 18 Walter Williams Hall, Columbia, Missouri.

## Accounting Prof Seeks City Treasurer Post

Howard Kane, associate professor of accounting, is entering the primary election for the office of city treasurer. Professor Kane filed a petition for the Democratic nomination which will be run off in May.

Professor Kane has taught government accounting which corresponds with the methods required for work in the treasury office.

At the present time Professor Kane is Democratic central committeeman for Precinct 4-A.

Professor Kane has been at the University for 11 years. He graduated from the University of Dayton and received his master's degree from Ohio State University.

## BG Professor Attends Annual Bus Ed Confab

Dr. Mearl R. Guthrie, Jr., assistant professor of business administration is in Chicago representing the University at the annual meeting of the National Association of Business Teacher-Training Institutions Feb. 14-17. He will also attend a meeting of the executive board of the United Business Education Association. He is serving his third year on the board and is president of the Central Region of the United Business Education Association.

## Interview Schedule

Feb. 25

U.S. Gypsum Co.; interviewer, F. M. Singer; interested in chemists, and business administration majors for production.

Fidelity Mutual Life Insurance; interviewer, Ralph Trimbore; interested in sales majors.

Continental Casualty Co.; interviewer, Louis W. Welt; interested in sales, actuary, claims advertising, accounting, and finance majors.

Feb. 26

Swift and Co., Columbus; interviewer, D. H. Barnes; interested in sales, accounting, chemistry, biology, and dietetics majors.

Chevrolet, Cleveland; interviewer, J. J. Hayden; interested in accounting or general business majors for the accounting department.

Feb. 27

Ohio Oil Co., Findlay; interviewer, J. T. Patterson; interested in sales and accounting majors for the training program.

May Co., Cleveland; interviewer, Ann Little, interested in marketing, personnel, finance, and public relations graduates.

Dana Corporation; interested in accounting majors and juniors for summer work.

Feb. 28

Central Foundry, GMC, Defiance; interviewer, Ralph W. Schultz; interested in liberal arts graduates and all types of business majors.

Interchemical Corp., Cincinnati; interviewer, Edward Kuhn; interested in sales and administration majors, also chemists for summer employment.

John Hancock Mutual Life Insurance Co., Toledo; interviewer, James Findlay; interested in liberal arts, insurance, and general business graduates.

## Honorary Initiates 6

Six pledges were initiated into Phi Epsilon Kappa, men's honorary physical education fraternity, Sunday evening in Studio B, Practical Arts Bldg. The initiates are Roger Howard, Gaylord Miller, John McPherson, Lawrence Meeker, Bill Wasil, and James Comella.

## Campus Commentary

### Vox Populi Still Influential Factor; Disheartened One Tells Sad Tale

By HANK JACQUES

Two recent incidents on this campus should appear miraculous to some members of our student body. We speak of the Interfraternity Council accomplishing the modification of the Sigma Alpha Epsilon Fraternity's penalty and the work being done on the student suggestions made at the Clumein meetings.

IFC members made up their minds to get action, presented a logical well-founded set of ideas, and succeeded. Students presented sound suggestions at the first Clumein meeting and the Council on Student Affairs immediately went to work on these suggestions and improved various campus situations.

This all adds up to the fact that the good old Vox Populi is still an influential thing on this campus. We realize that many students feel that their opinions are of little importance in the affairs of the University. But it appears to us that it is not the voice of the students that was or is being neglected but the manner of speaking.

No one will listen seriously to arguments which are emotionally charged. They often tend to be built on spot judgements and hasty conclusions. However, a good, logical argument presented in such a manner that the thought and the time behind the thought is immediately apparent, will always be heard, considered, and will usually result in action.

Research at Miami University has shown that freshmen students are the largest spenders on the campus. Miamians spend \$225,115 in or near Oxford during the first two weeks or last semester. The upperclassmen tended to be rather light spenders, especially juniors and seniors, with senior women being outspent by everyone.

We predict that this situation will rapidly change when these young ladies get out of school,

marry, and stop spending their own money.

With sorority rushing coming up, a disheartened rusher from last year tells this sad tale, "Why I Never Joined a Sorority." 1. I had never danced with a man in my life and I didn't want to. 2. I didn't fill out a sweater and I didn't look very attractive in a sleeveless, low-cut gown. 3. I wanted to do as I wished and think for myself instead of being led around by a bunch of my sorority sisters. 4. I had never gone to a women's club or organization before I came to college and I didn't want to start. 5. I am a boy.

Department of last-time for all fortunate seniors: registration, first-day classes, room-and-board fees, rushing, book-buying, and card-filling-out.

You'll have to hand it to Venus de Milo when it comes to eating. Why, you ask? How else could she eat?

## 'Carnival Of Books' New WBGU Series

Ruth Harshaw, of WMAQ in Chicago, presents "Carnival of Books," a series on children's books, over WBGU, the University's education FM radio station each Friday at 6:30 p.m.

Mrs. Harshaw recently returned from Europe where she acquired new material and this series was recorded overseas. Some of the programs coming up include those recorded in Sweden, Denmark, France, and England and cover books from those countries.

This series of 15 minute programs is available to the station through the National Association of Educational Broadcasters.

## The B-G News Bowling Green State University

The official University newspaper published in the eyes and interests of the student body every Tuesday and Friday, except during vacation periods, by Bowling Green State University students at Bowling Green, Ohio.

Deadlines are Tuesdays and Fridays at 1:30 p.m.

Subscription rates are four dollars a year and two dollars a semester.

## Grad Begins Navy Training In Florida

Paul Phillip Day has commenced Navy Flight Training at Pensacola, Fla. and has enrolled in the Naval Aviation Cadet Program. After a period of sixteen months of intensive flight training, Cadet Day will earn his famed "Wings of Gold" and a commission as either an Ensign in the U.S. Navy or as a Second Lieutenant in the U.S. Marine Corps.

Day will complete four months of pre-flight training after which he will fly the Navy's new T-34 and T-28 trainers. He will be given his choice of flying either multi-engine or jet aircraft before commissioning.

Upon graduation he will be assigned to a squadron in either the Atlantic or Pacific.

## Wigg Exhibits Work In Toledo

Intaglio prints, sculpture, and original copper plates by Philip R. Wigg, assistant professor of art at the University are on exhibit Gallery 8 at the Toledo Museum of Art until March 3.

Mr. Wigg has won numerous print awards in Toledo area artists exhibitions, Northwest Printmakers' International, the Ohio Artists and Craftsmen exhibition, and the Ohio State Fair Art shows where he won honors in graphics and sculpture.

Eleven prints include "Spectral Interior," "Trophy," "Apotheosis," "Requiem," and "Points of Departure."

Five sculptures include metal "Head," Colorado Alabaster "Dutch Forms," marble "Youth," Honduras mahogany "The Watcher," and grapefruit wood "Fish."

## BG Graduates Teach Sociology

Lee Dannick and Shirley Merritt, part-time instructors in sociology, have taken over the vacancy left by Dr. Joseph K. Balogh, associate professor of sociology, who is on a leave of absence.

Dannick received his BA in sociology from Wilkes College in Wilkes-Barre, Pennsylvania. He received his MA this February from Bowling Green. Dannick is currently teaching two courses of sociology 201.

Miss Merritt is a graduate of Bowling Green, receiving her BA at the February commencement exercises. Along with teaching one course of sociology 201 she is a graduate student in the sociology department working on her MA.

## Research, Grad Work Done By 3 Geologists

Two geology majors who were graduated in February have received jobs and another is doing graduate work.

Alice McCloud has a research position in information service at the Battelle Memorial Institute in Columbus. Bob Dalvimple is working for Western Electric in Chicago, and Joe Long is attending graduate school at the University of Wyoming.

## Prof Judge Weeklies

Prof. Jesse Currier, chairman of the journalism department, served as one of the judges of weekly newspapers at the annual meeting of the Ohio Newspaper Association at Columbus last week end.

Professor Currier was sole judge of the special editions divisions. He served as a judge five years but this is the first time he has judged special divisions.

# Rockets Tumble In Overtime As Harling Sinks Tiebreakers

Bowling Green easily toted the Peace Pipe off in a pre-game ceremony at Toledo. But gaining a victory in the aftermath was not quite as simple. The Falcons sputtered while the Rockets sizzled to a 14 point halftime advantage. The Falcons were compelled to muster a desperate second half effort and even at that were forced into an overtime period before they could garner a 72-68 win over rival Toledo in the Sports Arena last Wednesday.

Toledo led throughout the contest until BG fought back to gain the lead with five minutes remaining in the tilt. The two quintets battled tooth and nail down to the final gun. Falcon substitute Ed Harling, who ultimately proved to be the hero, connected on a short jump shot at the wire to send the game into overtime at 62-62.

As the five minute overtime period started Buddy McCampbell immediately fouled out in a scramble for a loose ball. The former Columbus Central star was the instrumental factor in Bowling Green's last ditch rally in the second half. He made approximately four vital steals of the ball and was a tremendous bulwark off the backboards.

Rex Leach promptly hit two one-handers at the outset of the extra session. Toledo never quit on coach Eddie Melvin and fought back to take a 68-66 edge.

Here Jim McDonald saved the day as he pilfered the ball and set up Leach for an easy basket. Harling came through to pump in the tiebreaker on a jump shot with less than two minutes remaining.

The Falcons regained control of the ball and McDonald went into his dribbling act. The flashy sophomores' antics stalled 45 seconds before he was tied up with 0:25 remaining. The Rockets finally grabbed the ball and fired it down the court to the waiting Ed Harling who added the clincher and was carried off the court seconds later by his gleeful teammates.

## Falcon Matmen Face Buckeyes

Bowling Green's wrestling team recorded its fifth victory of the season Tuesday night as the grapplers defeated Findlay, 20-6.

The Falcons captured six of the eight matches. Doing outstanding jobs for the BG squad were Gus Rutledge and Jim Comella who topped Findlays two top point men. BG's Bob Morrill was the only man to win a match by a pin. Other Falcon winners were Ed Brodbeck, Jim Krupa, and Karl Koepfer. This match was the first time Krupa has seen action since he dislocated his elbow against Toledo.

### Want to Write Sports?

Anyone interested in writing sports for the B-G News please contact Les Wagner at the News office or phone 37824. Writers are not required to be journalism majors. We are particularly interested in adding freshmen to the staff.

On Feb. 15 the Falcon matmen travel to Columbus, Ohio to meet Ohio State. The Buckeyes have not done too well this year. Their top men are Pat Palumbo, 123-pounds; Don Wilson, 130-pounds; Bob DeFelice, 147-pounds; and Ted Talaber, heavyweight. The Big Ten team is coached by Casey Fredericks.

Coach Mike Yuhasz will bring his Western Ontario grapplers to BG Jan. 16 to the Falcon matmen. The Mustangs are defending Canadian National Champions. So far they have only lost two matches this year. One-hundred thirty seven pound Ken Leyshon, two time Canadian National Champion, is their leading scorer.

Western's freshman grapplers will also be in BG Saturday to meet the BG freshman team. Coach Bruce Bellard has a lot of praise for this year's team.

### IM Playoffs Saturday

The men's independent basketball league will hold makeup games Saturday morning, Feb. 16, in the Men's Gym. The first game begins at 9:15 a.m. A playoff game between the Khaki Klowns and F.F.A. of League one will be featured.

McDonald and McCampbell paced the Falcon scoring with 15 points apiece. Leach had 12 and Harling had 8 tallies. Harling hit on four of five shots in his brief stint. Murray Guttman chalked up 21 counters for the losers.

Toledo was hotter than a fire-chucker at the outset of the game. A zone defense completely baffled BG and the Rockets ran up a 24-15 edge on the shooting of Joe Buneta and Russ Bierley. Bud Felhaber began to pop in some set shots and upped the margin to 40-26 at the half.

The Falcons picked up numerous first half fouls without encountering any difficulty. McCampbell was all over the court stealing passes, converting one-handers, grabbing rebounds, as was the Falcons closed the gap. McDonald took over as BG grabbed a 56-55 lead. Harling tied the score 58-58 and 62-62 to insure the ultimate victory.

## 6'8" Cager Enrolls At Bowling Green

George Burmeister, a 6'8" center who performed for Loyola of Chicago last year, enrolled at Bowling Green this semester. Burmeister has two years of college eligibility remaining in the cage sport.

Coach Harold Anderson has the tall transfer student working out with the team and probably won't utilize his services until the 1958-59 season although he becomes eligible at mid-semester's next year.

As a sophomore at Loyola, Burmeister broke into 14 games last year. Competing against such top-flight competition as All-American Terry Rand of Marquette, he averaged nine points a game.

Burmeister had an excellent shooting percentage from the field. He tallied 54 of 124 field goal attempts. His mark from the free throw line was a sub-par 42.6 per cent on 19 of 45 shots.

# Frosh Naturs Assault Local Records

By PAUL LEVY

"They're eager and have a great deal of zeal and enthusiasm. They love to swim, and I doubt if there's anything they would rather do," commented freshman swimming coach Dave Matthews when asked about his undefeated tankers.

So far this year Falcon yearlings have built up a 4-0 record at the expense of the swimming teams representing the Toledo "Y," the Richmond (Ind.) "Y," Dearborn Junior College, and the Huntington (Ind.) "Y." All of these opponents have fallen by large margins, the narrowest, 52-34, against the Toledo "Y," and the widest, 68-18, when the men from BG opposed Dearborn Junior College.

### Phi Delt's Top Sigs For IM Swim Title

For the second successive year, Phi Delta Theta garnered the intramural swimming championship. The Phi Delt's 39 points edged out Sigma Chi in the five events.

Kip Crawford led the Phi Delt's to the first of their three victories. He copped the 50-yard backstroke. The other two wins were posted by Larry Earls in the 200-yard freestyle and the 200-yard freestyle relay team.

Sigma Nu Dick Moore opened the meet by coming home first in the 50-yard crawl. Elwood Darken emerged victorious in the 100-yard crawl for Delta Tau Delta. Sigma Chi Henry Spangenberg won the 50-yard breaststroke.

## Cagers Fall To Toledo Yearlings

Toledo's freshman basketball team made it two in a row over Bowling Green's frosh Wednesday night as they dumped the Falcons, 83-61. The win marked the Rockets eighth win in succession.

The Falcons having one of their bad nights could not seem to do much against the Toledo team. They fell behind early in the game and could never manage to catch their opponents. The score at halftime read TU-39, BG-26.

Opening the second half the Falcons did manage to get within three points, but TU again pulled away. The Rockets were led by Ron Oranski who had 22 points, TU's new 6'8" center Fred Sawyer who collected 16 points and Stuart Davies who hit for 10.

Doing most of the scoring for the Falcons were Jim Darrow and Walt Killian with 14 each while Gene DeLoach meshed 12.

## Kohl Contingent Garners IM Volleyball Trophy

Winners of this year's trophy in the women's volleyball intramural tournament were Kohl Hall's "Pogo Pushers." They received the trophy, Jan. 23, after their final play-off.

Members of the team were Peg Vines, captain; Lillian Barbey, Beverly Bishop, Jan Black, Roberta Daily, Patricia Davis, Audrey Doering, Jerrilyn Falk, Sharon Huesman, Julia Kauffman, Barbara Kimmell, Mary Ann Sockrider, and Natalie Waldie.

## Alpha Phi, Shanahan Top Women's Keglers

Team standings in the Women's Bowling Club are Alpha Phi in first place, Alpha Chi Omega, Alpha Gamma Delta, and Phi Mu in second place, and Billetes-and-One in third place.

The high team game average was Alpha Phi with 678. The high individual game average was Patricia Shanahan with 167 and Paula Talley with 158.

The freshman roster is dotted with high school all-Americans Ray Martin, Howard Scarborough, and Jack Oosting.

Martin, whose home is in Lincoln Park, Mich., has already notched three records. Those set were the 220-yard freestyle with a time of 2:15.5, and the 440-yard freestyle in 5:01.7 the 200-yard backstroke event Martin covered the course in the time of 2:21.1.

Howard Scarborough, from Fordson High School in Dearborn, Mich., has thrashed the water in 52:4 for the 100-yard freestyle event. His time is but two-tenths of a second off the pool and varsity time.

Jack Oosting, as well as his teammates, has done his share in rewriting the recordbook. Oosting shattered the old freshman record in the 200-yard breaststroke by halting the stopwatch at the time of 2:36.9.

As well as these three Kieth Miller, Jim Hart, Bob Smith, and Jerry Deavy, all have been doing a fine job.

With seven teams left on the frosh schedule only two are at

## Add Delaware, Xavier To Football Schedule; Drop Drake, Defiance

The University of Delaware and Xavier University will be the newcomers to the 1957 Bowling Green football schedule. According to Athletic Director Harold Anderson, the Falcons will play four home games in a nine game slate.

Drake and Defiance have been dropped to make way for the additions. Current Bowling Green athletic policy favors one inter-sectional grid contest each year. The Delaware tilt at Newark, replaces the 1956 jaunt to Des Moines, Iowa for the Drake game.

Coach Doyt Perry's charges, who have lost but one game in the past two years, open with Baldwin-Wallace, Xavier, and Delaware. They finish with six successive Mid-American Conference games. Homecoming is Oct. 12 against Western Michigan. In other home games the Falcons entertain Toledo, Miami, and Baldwin-Wallace.

The Xavier clash will be at night at Cincinnati. The Musketeers recorded seven wins and three losses last year. Kentucky, Miami, and the Quantico Marines upended the southern Ohio school. They whipped Louisville, Colorado A & M, Dayton, Cincinnati, Marshall, Ohio University, and St. Josephs (Indiana).

Michigan graduate Dave Nelson has tutored the Blue and Gold of Delaware with great success over the past few seasons. Last year they had five victories, three defeats, and one tie. Nelson is slated to appear at the Ohio State football clinic which climaxes their spring practice.

The Blue Hens numbered Rutgers, Temple, New Hampshire, Lehigh, and Bucknell among their 1956 victims. Two years ago they trounced Kent State in the Refrigerator Bowl.

The season opener with Baldwin-Wallace is the lone home night contest on the slate. It is also High School Day. Dads Day is scheduled for the clash with rival Toledo.

The 1957 Falcon Football schedule is:

Sept. 21	Baldwin-Wallace
Sept. 28	Xavier at Cincinnati
Oct. 5	Delaware at Newark
Oct. 12	Western Michigan (Homecoming)
Oct. 19	Toledo (Dads Day)
Oct. 26	at Kent State
Nov. 2	Miami
Nov. 9	at Ohio University
Nov. 16	at Marshall

home; the first against the Miami University freshman, and the next with the Toledo "Y" squad.

Nine freshman swimming records stood before the 1956-57 squad went into action, only three now remain. Of this feat Coach Matthews says, "The boys have decided to break all the previous records, as well as go undefeated. I think they are going to do both."

# Swimmers On Road To Face Kent, Notre Dame

The Bowling Green swimming contingent will be on the road over the weekend. They travel to Kent State Saturday for a Mid-American Conference meet and then make the sojourn to South Bend, Indiana to encounter Notre Dame Monday, Feb. 18.

Coach Bill Hoover's Kent team are a much improved club

over the fourth place MAC finishers of a year ago. They sport a 6-2 record and whipped Western Michigan and bowed 49-37 to Miami in the league. Oberlin, Case Tech, Fenn, and Cincinnati are among their victims.

Junior Ron Riegler, an all-around performer from Canton, is the key man. Riegler recently set two Kent records in the 220 and 440-freestyle events. His times were 2:26.3 and 5:25.3 respectively.

Bill Dykstra, a sophomore backstroker from Chicago, is another promising nator. He had seven meet 200-yard backstroke streak broken in the Miami meet.

The Flashers have diver Frank Anderson who finished third in the MAC last year. Other key Flashers are Randy King and Jim Robb. So far this year Riegler is

undefeated in his specialty, the 440-yard freestyle.

The Falcons who will meet Notre Dame for the first time in swimming are still doubtful over the condition of backstroker Ralph Eakins. His participation in the meets is still a question mark as Coach Sam Cooper does not wish to aggravate Eakins shoulder any further.

In two previous meets with MAC clubs, the Fighting Irish whipped Western Michigan and just squeaked by Ohio University. Distance man Londrigan has posted a 5:17.6 in the 440-yard freestyle which is a very good time.

Top men on the Indiana squad are freestyler Tom Kennedy, diver Bob Healy, Dick Dunn in the butterfly, Jim Garrity in the backstroke, and George May in the breaststroke.

# Defensive Aces Schwyn, Wade Prove That They Can Also Score

By AL GOLDBERG

Two defensive aces on Bowling Green's basketball team help to bolster the guard position. They are Tom Schwyn, a junior from Toledo and Frank Wade, a sophomore from Columbus.

Both of these players have seen limited action this year.

Wade beat out John Slesinger early this year to team with Jim McDonald at guard until he injured his ankle practicing in the gym during the final exams. Schwyn then took over his starting post and showed very well at it.

Neither of the two is a great offensive star, but both are tough men to deal with on defense. Both move very fast and are aggressive ball players.

### Newly Married

The newly married Schwyn gained his varsity letter last year as a sophomore at guard. He has a good set shot and may be the outside shot the BG team needs. As proof of this he hit seven set shots in a row against Chicago Loyola before missing. He finished the game as high scorer with 17 points. According to Tom this was the biggest thrill in his two year college career.

Schwyn played his high school ball under Jim Knierim, BG's new freshman coach, at Toledo Woodward. He was captain of the team in his senior year until a broken arm cut short his high school career.

### Limited Action

Last year Tom saw only limited action as a reserve, but was inserted in the Toledo game where he held down high scoring Jim Ray.

He also is a fine baseball player.

Wade came to the varsity as fast break ace of last years undefeated freshman team. He moved right in with Coach Harold Anderson's plans and worked his way into the starting line-up.

Frank is an excellent passer and has a good outside jump shot. He too is an outstanding defensive man due mainly to his speed.

The thing that stands out most

in his short career is BG's victory over Duquesne. His best game offensively was against Western Michigan when he tallied 14 points.

Wade has just recovered from an injured ankle and has been sidelined the first part of this semester.

He was captain of the 1954-55 Columbus East team which went to the semi-finals in the state tournament and he went on to win all-state honors.

## Hora Scores Clincher For Theta Chi Victory

Ed Hora sparked Theta Chi to a sudden death victory over Phi Delta Theta to enable his undefeated quintet to take sole possession of first place in Fraternity League One. Sigma Chi emerged the winners of Fraternity League two.

Hora, Theta Chi's playmaking guard, dumped in a deadly one-hander to climax a stirring comeback by his squad. The Phi Delta's had jumped off to a commanding lead early in the contest only to see a Theta Chi rally deadlock the game 22-22.

Don Pegelow, Alpha Tau Omega, has run away with the scoring race. He had 74 points in his first six games to 50 for second place Jim Lessig of Delta Upsilon.

Phi Delta Theta took all the honors in the all-campus foul shooting contest. Tom Benbrook copped the individual award as he bagged 22 of 25 attempts to edge Dale Pittman and Dick Kraft with 21 each. The Phi Delt team made 96 of 125 tosses to edge Jack's for the team title.

# Choir Members Return After Southern Tour

By DAVE MERTZ

Sunburned and tanned, 65 members of the A Cappella Choir returned Monday, Feb. 11, from their 12-day tour through the South.

Singing to approximately 10,000 persons in 13 concerts in Florida, Alabama, Tennessee, Georgia, Virginia, and southern Ohio, the choir and its director, Dr. James Paul Kennedy, traveled more than 3,000 miles in a chartered Greyhound bus and three private cars.

Winners of the Harlow M. Russell scholarships for a year's voice lessons were Larry Bame, John Buhler, Elaine Moorhead, Mary E. Smith, and Eugene Wilson. Given each year by Mr. Russell at the First Congregational Church in St. Petersburg, Fla., the scholarships are awarded to five non-music students judged deserving by the choir officers and section leaders.

## Integration Discussion

A highlight of the tour was a talk on the integration problem by the Rev. Caxton Doggett, pastor of Rader Memorial Church, in Miami Thursday, Feb. 7, following a concert in the church the night before. The Rev. Mr. Doggett, a member of the National Association for the Advancement of Colored People, answered many questions from the collegians about southerners' views on segregation and the Supreme Court's decision.

Near Clewiston, Fla., Wednesday, Feb. 6, the group toured a sugar cane mill of the United States Sugar Company. The members saw the entire process of turning raw cane, which is dumped from railroad cars, into light-brown, unrefined sugar, which was sampled by everyone making the tour.

## Cypress Gardens

The singers were the guests of the owners of Cypress Gardens near Lake Wales, Fla., Friday, Feb. 8, before a concert in the city. Afterward, some visited the famed Singing Tower, one of Florida's leading tourist attractions.

In Miami, a tour through the multi-million dollar Americana Hotel on Miami Beach was arranged for the choir.

A concert was presented each evening of the tour. On Sunday, Feb. 3, the one afternoon concert was given at the world's largest trailer park in Bradenton, Fla.

The choir members were housed throughout the tour in private homes or in hotels.

## Beach Days

Only two days were free, the others being spent traveling from concert to concert. On Monday, Feb. 4, the choir swam and sunned along the Gulf of Mexico at Clearwater. They were lobster-red at the Allapattah Methodist Church in Miami Thursday, Feb. 7, after spending their second free day under clear skies at Haulover Beach with the temperature near 80 degrees.

Other concerts were given at the Grace Methodist Church in Dayton; Tennessee Wesleyan College in Athens; Lafayette Street Methodist Church in Dothan, Ala.; Christ Methodist Church in St. Petersburg; Dunedin Methodist Church in Dunedin, Fla.; First Methodist Church in Fort Myers,

## Spring Formal Planned By Prout House Board

Plans for a Spring Formal and a spring open-house were discussed at the house board meeting of Prout Hall, Feb. 11, at 10 p.m.

The election of a new social chairman to take the place of Jane Henry, who is student teaching, was also discussed.

Members of the house board are Ann James, chairman; Mary Lou Griffin, secretary; Jan Harmon, treasurer; Lynn Stenson, Frederica Lay, Ruth Strohscher and Anna Mills.

# Eyas Splits Staff; Films Featured

Plans were made to divide the staff of "Eyas," student literary magazine, into publicity, editorial, make-up, and circulation committees at a meeting Tuesday, Feb. 12.

According to Dr. Richard Carpenter, adviser to "Eyas," the format of the magazine will be somewhat different from other years, including a variety of poetry, serious short stories and essays, and humorous material.

## Art Guild

Two films, "Rodin" and "Cubism" were shown Wednesday, Feb. 13, to members of Delta Phi Delta, national recreation society in art, and the Art Guild in the Fine Arts Bldg.

"Rodin" is a dramatically photographed record of the sculptor's work incorporated with a brief summary of his life, while "Cubism" is a lucid introduction to the origin and theory of this form of art.

## FTA

The film, "A Desk for Billy," was shown at a meeting of the Future Teachers of America Feb. 13.

This film deals with the quality of our country's schools. The movie asks the question, "If you were the child of a migrant family, what kinds of schools do you think you would find throughout our nation?"

## Alpha Phi Omega

Alpha Phi Omega, national service fraternity, recently pledged nine students. The new pledges are William Fritsch, Bud Gravette, Kendall Kjoller, Gerald Levy, Robert McKay, Wayne Moore, Charles Purdum, Eugene Wilson, and Pat Young.

The spring pledge class was named in honor of Dr. Ralph W. McDonald, according to Sheldon Rabb, president.

## Sigma Tau Delta

Sigma Tau Delta, English honorary fraternity, will hold its next meeting in the English Bldg. at 7 p.m. Monday, Feb. 18.

# Pins To Pans

## Planned

Sharon Rose to James Schimmoller, Sigma Alpha Epsilon; Sue Farlow to Robert McKnight, Sigma Nu; Marianne Hoyt to Fred Garibaldi, Alpha Tau Omega, Carnegie Tech; Sue Welter, to Tom Garmhausen, Pi Kappa Alpha; Sally Jo Moore to Dan Hurst, Phi Delta Theta; Jeanne Rymas, Prout, to Tom Digby, Sigma Nu; Nina Jean Murphy, Phi Mu, to Richard Snow, Kappa Sigma; Carol Vandivier, Gamma Phi Beta, to Dave Humbert, Delta Tau Delta; Ruth Poth, Crestline, to John Gay, Kappa Sig.

Norman Sherman, Alpha Gamma Delta to Ed Kelling, Phi Delta; Joanne Rudy, Alpha Gam, to John Conway, Sigma Phi Epsilon; Phyllis Helfrich, Alpha Gam pledge, to Lynn Koester, Delta Upsilon; Jane Gerdeman, Alpha Xi Delta, to James Schomaker, SAE; Norma McMaster, Alpha Xi to Allan Reed, Sigma Nu; Beverly Snyder, Alpha Xi, to Wayne Schake, Sigma Chi; Libby Roof, Alpha Xi, to Ed Janeway, PiKA; June Drinkard, Alpha Chi Omega pledge, to Larry Traak, Phi Delta.

Connie Pennell, Delta Zeta, to Jack Flaiz, Alpha Phi Tau, Heidelberg College; Eleanor Starbuck, DZ pledge, to Joseph, Chensky, Sig Ep; Barbara Pour, DZ pledge, to George Herron, Phi Delta, Allegheny College; Bonnie Karger, DZ, to Jerry Sullivan, Sigma Nu alum; Beth Howard, Chi Omega pledge, to Charles Ward, Kappa Sigma; Patricia Line, Alpha Delta Pi, to Dick Bauer, Theta Kappa Phi, Kent State University; Carol Klein, Harmon Hall, to Bud Thayer, PiKA; Marjorie Pizer, Toledo, to Don Lewis, Phi Tau; and Jackie Ward, Harmon Hall, to Richard Prechtel, PiKA.

## Engaged

Amelia Williams, to Donald Doerner; Arlene Browand to Lt. Thomas J. Huber, Air National Guard; Virginia Croul to Roger Joseph, ATO; Nancy Looman, Gamma Phi, to Don Cully, Phi Tau alum; Sheila Potter, Phi Mu, to John Essom, United States Navy; Anita Purdom, Phi Mu, to Robert Paige, Delt; Sue Hertlein to Gene Carl, PiKA; Jo An Olejnik, Gamma

Phi alum, to Robert T. McKissak, Phi Kappa Psi; Marilyn Rehor, Chi O, to Willis Woodruff, Phi Psi; Sandy Keairns to Lee Wallace, Kent State; Carol Browne to Mike Sledobnig, U.S. Navy.

Jo Crist, to George Bierley; Rhea Peet to Clifton Rolfes; Betty Ellen Estill to William Brotherton, Ft. Wayne; Barbara Hanks to Robert Trombino; Janet Huff to Richard Drake; Gail Francis, Chi O, to Ferrall Frazier, Phi Tau; Sandra Meier to Howard Shy; Alice Deardorff to Robert Tozier; Jeannette Marcene to Ramon Weaver; Jane Ann Lloyd, Phi Mu, to Silas Carmean Jr.; Joan Hieser, KD alum, to Ben Rowe, SAE alum; Jane Bryan, ADPI, to Dick Dassel, DU.

## Married

Dottie Reed, Alpha Gam, to Bill Foreman, Ohio State; Marilyn Rauth, ADPI alum, to Bill Cook; Virginia Bernard, ADPI al-

um, to Bob Bull; Dorothy Spooner, ADPI alum, to Joe Crego, Sig Ep; Gail Gatska, to Jim Schievenin, Phi Tau; Jackie Strine, Kappa Delta, to Jim Clifford, US Army; Anne Thompson, to Robert Clar, Kappa Sigma; Ruth McIntyre, AChiO, to Robert Williams, Kappa Sigma; Sandi Poliet to Robert Harman, Phi Psi; Irene Herman, Prout, to Don Lenhart, Phi Psi; Suzanne Kabel, AChiO, University of Toledo, to Edward Tancock, Phi Delt; Rose Berry, DZ, to Richard Haines, U.S. Army; Betty Betts, DG, to Herb Hipp, SAE; and Linda Welshimer, DG, to Paul Wagner.

## Vlahantones Exhibits Oil
